Safety & Sustainability

Commitment to Safety

At T & L Excavations & Asphaltting, the safety of our team and the wider community is always our number one priority. Therefore, we always ensure our operations comply with Australian safety laws, policies and procedures. All operators are fully trained in various health and safety procedures and ensure best practices at all times. Our commitment to safety extends to constant monitoring and regular safety audits to guarantee the utmost protection for everyone.

Commitment to the Environment

Our commitment to protecting and preserving the environment around us is carried out through daily practices of minimising our environmental footprint and conserving resources where possible. As such, we invest in sustainable technologies to remain environmentally friendly while ensuring operational excellence. We ensure that our sites, projects, and operations comply with relevant laws and standards. We also continuously assess and improve our procedures to remain compliant and keep up with new safety and environmental standards.

Trusted Partner to Local Councils

We are proud to work with a number of local councils across Sydney, providing a fast and affordable service for all potholes and surface ailments. No matter how small or large the damage, our modern machinery delivers a superior and long-lasting finish. Our dedicated team of experts ensures that each project is completed with precision and efficiency, making our service a trusted choice for municipalities across the region.

"T & L always gets
the job done right, on
time and within budget."

ALWAYS DELIVERING

T&L Services

T & L Excavations & Asphaltting gets roads done right. We offer road restoration, asphaltting, and excavation services using high-quality materials and methods. you can be confident that your project is in good hands.

Road Shoulder

T & L provides cost-effective and efficient road shouldering services, including placement, repair, and widening. Our road shoulders are designed to ensure a safer driving experience for motorists, assist with drainage, and protect the underlying pavements. With specialised equipment and machinery we provide a consistent construction method that ensures uniformity throughout the project.

The methodology we employ is time-proven which means we can deliver in a fast and accurate manner, maintaining the shape and cross fall of the road. The road shoulders we build not only leave the road looking neat but also maintain the structural integrity.

With our team's experience in asphaltting and traffic control we are able to widen or repair road shoulders safely and with minimal disturbance to the public. Public safety as well as the health and safety of our teams is always our utmost priority.

counting

Pothole Repairs & Reconstruction

T&L Excavations & Asphaltting, community safety is our number one priority. Which is why our affordable and efficient potholes restoration service is used by local councils, helping to minimise the risk to motorists and make our roads more enjoyable to drive on. No matter the extent of the damage or the timeframe, our expert crew is ready to reconstruct and repair all types of potholes using the latest equipment.

Road Patching Solutions

Poor road surfaces are a major problem, often causing serious damage to vehicles and leading to serious accidents. T & L Excavations & Asphaltting offers exceptional repair services designed to improve safety as well as extend the life of the surface. By utilising the latest equipment we ensure a seamless bond in sealing potholes and damaged roads for a durable repair and a smooth finish. We are a Local Government Procurement Approved Contractor & ISO accredited company for providing asphalt services to Local Councils.

Keeping Local Roads in Perfect Condition

Pothole patching is the most convenient way to keep local roads in great condition for years to come. Our crew use the latest machinery and techniques to quickly amend damaged surfaces. Potholes are filled with carefully formulated mixtures, which are compacted and treated for superior protection against harsh weather.

ALWAYS DELIVERING

Minor Asphalt Patches

T & L offers exceptional and professional repair services designed to improve functionality and safety as well as extend the life of the surface. From potholes and cracks to damaged roads, we will provide a custom asphalt patching solution for your problem.

No matter the extent of damage, we have a perfect solution for every problem. By utilising the latest equipment, our patching process ensures a seamless bond in sealing potholes for a durable repair and a smooth finish. Our long-lasting solutions ensure that public roads are always in prime condition.

Local Government Councils

T & L Excavations & Asphaltting Pty Ltd was awarded under Local Government Procurement under the LGP213-2 Bitumen, Emulsion and Asphaltting Material and Services in July 2018. We provide Local Councils minor asphalt road patching, footpaths, mill & fill, road shoulders works, asphalt overlay, roll-top curb, and hot bitumen crack seal. We have been recently awarded under Local Government Procurement under Minor and Major Works including Construction Materials (LGP420) which is until 31st January 2024. To date all works were completed within budget, on time, and to the highest quality standards. T & L Excavations & Asphaltting Pty Ltd has been recently awarded as preferred suppliers for SSROC T2020-09 Sustainable Pavements, Road Construction Material & Related Services Contract to commence 01/07/2021 for 3 years. We have serviced the Blue Mountains and Waverley City Councils and now we are servicing the Lithgow City Council region.

Cemeteries & Other Commercial Entities

We have completed several projects for Northern Cemeteries and other commercial entities. One project was completed at Field of Mars, Ryde Cemetery and works included 120m² of Mill & Fill @100mm depth and asphalt speed hump. This project was completed in March 2019 and was delivered on time and within budget. In the same month, we completed asphalt repairs at Hungry Jacks Minto. Works included minor asphalt patching and Joint Crack Seal and were carried out without disrupting commercial operations.

Local Schools

For the last few years, T & L Excavations & Asphaltting has been providing asphalt works to local schools, including Penrith Anglican School, St Columba's High School, Springwood and Mamre Anglican School - Bakers Lane, Kemps Creek. One of the schools hired us to redo a job that had been poorly done by a previous contractor who had submitted the lowest quote. T & L was contracted to rework and rectify the issues. All work was completed to the satisfaction of the client and within the time frame and budget.
